Ladies Lunch
We will be holding our annual lunch for Mums, Grandmas and community members who are involved in our school on Wednesday 3 June. The students are currently preparing the invitations during their art lessons with Ms Scott.

P & C Meeting
The next P & C meeting will be held on Friday 31 July.

School Plan
As discussed at the P & C meeting, the 2015-2017 LPS School Plan is on our school website. It contains information about our goals for the next three years. If you have any questions about the plan or other suggestions about how we can further improve the education that students receive at LPS, please contact me.

Musica Viva
The first concert, ‘The Chambermaids’ will be held next Thursday 21 May at 11.30am at Mulwala. The students have been learning about the instruments used by this group in their lessons with Miss Filliponi.
After the concert we will be visiting Mulwala Public School to have a bit of a reflection time, eat lunch and have combined play on the oval with the other schools attending.
We will be travelling to Mulwala by staff car. Please complete the attached permission note and return it to school.

English
The Infants students have been studying procedures in English. They made popcorn and recorded the steps they needed to follow.

Science
Last week students in Years 3-6 were investigating what yeast needs to survive. They discovered that yeast is a living microorganism. Our experiment pictured below involved testing four different combinations;
1. Water & sugar
2. Water, sugar & yeast
3. Yeast & sugar
4. Water & yeast
As soon as the materials were added to the bottles, a balloon was put over the neck of the bottle to see if any gas was produced.

The result of the experiment? The inflated balloons were on the bottles containing warm water, sugar and yeast. The gas inside the bottles is carbon dioxide.
STUDENT OF THE WEEK
is Tegan Haswell
for being an enthusiastic and responsible learner.

An interview with Tegan:

Favourite colour: purple
Favourite sport: basketball
Favourite food: lasagna
Another thing you should know about me: My favourite animal is a dog.

Class Responsibilities
Each term the students take on different roles around the school to learn to develop responsibility. Younger students are grouped with older students so that they are able to learn the role with support. The Sports team oversee the Sports Shed, checking that it is opened and locked each day and that the sports equipment is packed away. On Friday they present the Sports award at Assembly to a student who they think has deserved recognition in some way linked to sport or PE. The environment team keep an eye on the school playground and decide the environmental award.

Assembly Awards
Library: Ryan- being a responsible library monitor.
School Leaders': Martika- being sensible during cooking time
Environment: Indi- being interested in the environment
Sports: Alyssha- setting a good example during sports and games
Merit awards:
Eric- getting better at tracing and cutting activities
Ryan- improvement in written answers
Matilda- thoughtful answers during Science activities

Friday Cooking
Thank you to Catherine Wood for cooking pizza with Ryan, Adelaide, Tegan and Martika last week. There were many comments as to how yummy the pizza tasted. This Friday Bec will be cooking with the cooking group. Cost $2 per student.

Mother’s Day
The students were busy last week getting something ready to give their Mums on Mother’s Day. We hope that the mums enjoyed their special day.
